THINKPRO ACADEMY

Composite Skill Lab

Equipment Catalogue — 6 Vocations

Full item list with specifications, quantities (per batch of 40), and curriculum use, organised by vocation. Photos are illustrative; supplied makes and models may differ.

ThinkPro Academy | September 2026

Agriculture & Gardening — CBSE Code 408

Hand tools and instruments for organic farming, gardening, and hydroponics — sourced per CBSE Annexure 1, §7.1.

	Item	Specification	Qty	Use in Curriculum
	**Air Thermometer & Hygrometer**	LCD Portable Digital	1	Measures temperature and humidity to teach how climate affects plant growth
	**Budding/Grafting Knife**	2 SS blades + brass budder	2	Used for plant propagation techniques like budding and grafting
	**Drip Irrigation Unit**	16mm main pipe, feeder lines, emitters	1	Teaches water-efficient irrigation techniques used in modern farming
	**Pot (Gamla)**	4–6 inch, plastic	5	Container for potting demonstrations and seedling growth
	**Hand Hoe**	15x10mm, wooden handle	2	Used for weeding and loosening soil around plants
	**Hand Rake**	29.5x132.5x8.5cm, 12-tooth	2	Clears debris and levels soil before planting
	**Hand Trowel**	11.5x2.5 inch, plastic handle	4	Basic digging and transplanting tool for small-scale gardening
	**Home Garden Gloves**	Pairs	20	Protects hands during soil work and tool handling
	**Hydroponic Tray**	HDPE, 2x1 ft	1	Introduces soil-less farming techniques (hydroponics)
	**Measuring Tape**	50m	1	Used for plot layout and spacing measurement

	Item	Specification	Qty	Use in Curriculum
	**Plastic Beaker**	250 ml	1	Measures liquid fertilizers and solutions accurately
	**Plastic Bucket**	15 lit capacity	1	General-purpose container for water, soil mix, or produce
	**Plastic Pan (Gamla)**	Diameter 14 inch	2	Larger container for bigger plants or demonstration beds
	**Multipurpose Scissor**	Stainless steel, 200mm	1	Trims plants and cuts garden twine
	**Secateurs**	SS, 15mm cutting, lock nut	2	Precision pruning of branches and stems
	**Garden Spade**	Medium blade, 3ft handle	2	Digging and turning soil for planting beds
	**Sickle**	Blade 18in, wooden handle	4	Harvesting crops and cutting tall grass/fodder
	**Soil Test Kit**	NPK + pH tablets or meter	1	Tests soil nutrients and pH to guide fertilization decisions
	**Hand-Pump Sprayer**	2 Ltr, pressure pump	2	Applies pesticides, fertilizers, or water in controlled amounts
	**Watering Can**	5 lit, plastic	2	Manual watering of plants and seedlings
	**Weeding Hook (Khurpi)**	Curved, 5 inch	2	Removes weeds without damaging plant roots
	**Weighing Scale**	Kitchen grade, 2Kg x 10g	1	Weighs harvested produce, seeds, and inputs

Food Production — CBSE Code 409

Kitchen equipment and utensils for food preparation, cooking, and hygiene practices — sourced per CBSE Annexure 1, §7.2.

	Item	Specification	Qty	Use in Curriculum
	**Digital Kitchen Balance**	ISI Mark, 1 kg capacity	1	Accurately measures ingredients for recipes and portion control
	**Dust Pan**	Plastic, medium	2	Kitchen cleanliness and waste collection
	**Electric/Gas Oven**	—	2	Baking, roasting, and grilling food items
	**Frying Pan**	SS with copper bottom	2	Sauteing and frying — core cooking technique practice
	**Gas Lighter**	Stainless Steel	2	Safely ignites stove burners
	**Glass Container**	0.5kg, plastic lid	4	Storage of dry ingredients and prepared food
	**Grater/Shredder**	Stainless steel	2	Grates vegetables, cheese, and other ingredients
	**Chikki Slicer/Roller Cutter**	Stainless steel	2	Cuts and portions sweets, dough, and snacks
	**Hindalium Container**	3 ltr	2	Cooking and storage vessel for larger quantities
	**Kitchen Knife Set**	SS, medium size	4	Cutting, chopping, and dicing ingredients
	**Measuring Mug/Cup**	Plastic/Glass, 250ml	2	Accurate liquid measurement for recipes
	**Measuring Spoons**	Plastic	2	Precise measurement of small ingredient quantities
	**Mixer Grinder**	ISI, two jars, 800W	1	Blending, grinding spices, and making batters

	Item	Specification	Qty	Use in Curriculum
	**Plastic Bucket**	Plastic, 10 ltr	2	Water storage and washing ingredients
	**Plastic Container**	Food grade, set of 4	6	Food storage and organization
	**Plastic Dustbin**	Plastic	2	Waste disposal in the kitchen
	**Polpat & Latan (Rolling Board & Pin)**	Wood	2	Rolling dough for rotis, parathas, and pastries
	**Pressure Cooker**	Aluminium, 5 Ltr	2	Fast, efficient cooking of grains, lentils, and curries
	**Scissors**	1 medium, 1 large	2	Cutting packaging, herbs, or food items
	**Cooking Spoon Set**	Stainless steel	2	Stirring, serving, and cooking food
	**Sieve (Steel)**	Stainless Steel	2	Sifting flour and straining liquids
	**Sieve (Plastic)**	Multiple sieving plates	2	Straining and washing smaller food items
	**Single Burner Stove**	ISI Mark, with pipe & clip	2	Primary cooking heat source for practicals
	**Pot Containers**	SS, 1L and 2L capacity	2	Cooking and storing food in varying quantities
	**Stainless Steel Plates**	Stainless Steel	4	Serving and plating prepared dishes
	**Steel Bowls**	Diameter 6"	4	Mixing ingredients and serving food
	**Table Spoons**	Stainless steel	12	Eating and serving utensils

	Item	Specification	Qty	Use in Curriculum
	**Tong**	Steel	2	Safely handling hot food items
	**Vegetable Peeler**	Stainless steel	4	Peeling skins off vegetables and fruits
	**Water Container (Jug)**	SS, 1 litre capacity	2	Storing and serving drinking water
	**Whisker**	Stainless steel	2	Whisking eggs, batters, and sauces
	**Pot Lifter**	Stainless steel	1	Safely lifting and handling hot pots

Electronics/Mechatronics — CBSE Code 420

ThinkPro's integrated construction kit replaces CBSE's individual component list — a single, reusable, snap-together system covering microcontrollers, sensors, and mechanical building.

	Item	Specification	Qty	Use in Curriculum
	**ThinkPro Robotics/Electronics Construction Kit**	Microcontroller + sensors + snap-together construction + electrical components kit	10	All-in-one hands-on kit for building robotics, circuits, and IoT/electronics projects — no soldering required. Shared 4 students/kit.

IT/ITeS — CBSE Code 402

The school's existing computer lab is reused; only the items below are newly added, per CBSE's core spec.

	Item	Specification	Qty	Use in Curriculum
	**Webcam**	720p minimum	20	Enables video-based learning, online assessments, and AI/vision-related projects
	**Headphone with Mic**	Basic	20	Supports typing practice, multimedia learning, and online classes

Healthcare — CBSE Code 413

Devices and training aids for first aid, vital-sign monitoring, and patient-care basics — sourced per CBSE Annexure 1, §7.9.

	Item	Specification	Qty	Use in Curriculum
	**AAA Batteries**	Pack of 10	1	Powers portable medical devices used in practicals

	Item	Specification	Qty	Use in Curriculum
	**Blood Pressure Machine**	Digital	2	Teaches students to measure and interpret blood pressure
	**Cotton**	Cotton roll	2	Wound dressing and first-aid demonstrations
	**CPR Mannequin**	Basic training grade	1	Hands-on practice of CPR and resuscitation techniques
	**Digital Thermometer**	Plastic digital	2	Measures body temperature accurately
	**Gloves**	Disposable, pack of 100	1	Hygiene and infection control during practicals
	**Glucometer**	With strips & lancet device	1	Teaches blood glucose measurement and diabetes awareness
	Growth Stature Meter	200cm wall-mounted roll ruler	1	Measures height for growth-monitoring exercises
	**Hand Sanitizer**	500 ml bottle	1	Hand hygiene practice
	**Hot Water Bag**	—	1	Demonstrates basic patient comfort care techniques
	**Mercury Thermometer**	10 cm, outside glass	1	Comparative teaching tool alongside digital thermometers
	**PPE Kit**	40GSM disposable isolation gowns	4	Familiarizes students with personal protective equipment protocols
	**Pulse Oximeter**	Fingertip digital	2	Measures blood oxygen saturation levels
	**Red Colour**	125 ml tube	1	Used for staining/coloring demonstration purposes
	**Reflex Check Hammer**	—	1	Demonstrates basic neurological examination technique

	Item	Specification	Qty	Use in Curriculum
	**Scissors**	Everyday use	1	General-purpose cutting for bandages and materials
	**Sterilium**	500 ml disinfectant	1	Surface and hand disinfection practice
	**Syringes**	Reusable, training-grade	6	Demonstrates injection technique (non-patient training use)
	**Towels**	Cotton, 30x30cm	4	Hygiene and patient-care practicals
	**Weighing Scale**	Analog	1	Measures body weight for health assessments

BFSI — CBSE Code 405 / 411

CBSE requires no tools for this sector (§3.2.12) — the items below are ThinkPro's optional value-add for hands-on financial literacy.

	Item	Specification	Qty	Use in Curriculum
	**Financial Literacy Simulation Kit**	Mock currency, cheque books, forms	1	Hands-on practice with real-world banking documents and transactions
	**Financial Literacy Board Games**	—	2	Gamified learning of budgeting and investment concepts
	**Basic Calculators**	—	20	Supports financial calculations during practicals
	**Case Study Workbooks**	Printed	1	Real-world BFSI case studies for applied learning
